REMARKS.

I would respectfully recommend that Sub-section 12, of Section 410, of the Political Code, be amended to read as follows:

"For filing and recording each certificate of increase of capital stock, fifty cents on each one thousand dollars of increase of stock: Provided, that whenever the capital stock of any corporation shall exceed one million dollars, he shall charge and collect the sum of twenty-five cents on each one thousand of the capital stock in excess of one million dollars; Provided, however, that no corporation shall be required to pay a fee in excess of one thousand dollars on its capital stock."

"For filing and recording each certificate of decrease of capital stock, five dollars."

Such an amendment in the laws governing the fees of this office would have increased the fees of this office, in the past two years, in the neighborhood of fifteen thousand dollars per annum, and, should there be any marked increase in the formation of mining and other companies, as seems at present certain, such a law would be of great importance in raising revenue for the State. It is not reasonable to expect that, as the law now stands, any large fees will be paid to the State for filing articles of incorporation, as it is commonly known that such an expenditure may be evaded by simply filing an increase of capital stock and paying therefor the sum of five dollars.

I would also recommend that the law relating to the recording of trade marks should be amended in such a way as to prevent the conflict which now exists. Under the provisions of Sections 3161 to 3164, of the Political Code, the general recorder of marks and brands, who is secretary of the stock commissioners, is made also the recorder of trade marks, and under the provisions of Section 643 of the Penal Code, it is provided that all trade marks and labels, etc., shall be filed in the office of the Secretary of State. At the present time some of the trade marks are recorded with the general recorder of marks and brands, and others in this office, which leads to considerable confusion.

Respectfully submitted,

T. S. HOGAN,
Secretary of State.
